TechDays 2.0
Slovenia 2025

Future Technologies for your Electronics Production

With the “Belmet & Stepan TechDay” on **May 21st & 22nd 2025 in Portorož**, we will inform you in the course of 2 days with an attractive mix of lectures about powerful technologies and current trends in electronics production.
We are already looking forward to welcoming you at the Grand Hotel Bernardin!

Grand Hotel Bernardin
Obala 2
6320 Portorož, Slovenia

BELMET MI stepan

Agenda Technology Days Slovenia

Time	Wednesday, 21.05.2025
Till 10:30	Arrival & Registration
10:30 - 11:00	Coffee Break
11:00 - 11:15	Welcome *Peter Pristov (Belmet MI d.o.o.) & Nikola Vujanovic (Stepan GmbH)*
11:15 - 12:00	Introduction *Belmet MI d.o.o. & Stepan GmbH*
12:00 - 12:30	How to guarantee the highest quality level in SMT placement *Ferenc Fiausch (Fuji Europe Corporation)*
12:30 - 13:00	Maximize first pass yield (FPY) performance, minimize maintenance *Michael Haas (Ersa GmbH)*
13:00 - 14:00	Lunch
14:00 - 14:30	Rohde & Schwarz *Boris Špehar (Rohde & Schwarz)*
14:30 - 15:00	Latest Electronics Production *Axel Wolff (Viscom SE)*
15:00 - 15:30	Coffee Break
15:30 - 16:00	Rework Technology Update *Dietmar Wolpert (Ersa GmbH)*
16:00 - 16:30	Testing in development and production *Karel Nerad (Unites)*
16:00 - 16:30	Combitac modular connectors for quick, simple, safety and space-efficient testing with high-mating cycles *Mario Nikic & Robert Gruber (STAUBLI SYSTEMS s.r.o.)*
19:00	Evening Event

Agenda Technology Day Slovenia

Time	Thursday, 22.05.2025
Till 09:00	Arrival
09:00 - 09:05	Welcome *Peter Pristov (Belmet MI d.o.o.) & Nikola Vujanovic (Stepan GmbH)*
09:05 - 09:30	Strip's customized innovations - 30 years of success *Marko Majcen (Strip´s d.o.o.)*
09:30 - 10:00	Zero Defects Strategy in selective soldering - doable or unachievable *Christian Rückert (Ersa GmbH)*
10:00 - 10:30	Optimizing Efficiency with Y-Ray Counting. From annual inventory to the permanent inventory - the successful introduction of a component counter *Nico Federsel (VC)*
10:30 - 11:00	Coffee Break
11:00 - 11:30	Soldering technology - recent update and future on materials *Masahiro Takeuchi (Tamura Elsold)*
11:30 - 12:00	Hioki *Fran Novak (Hioki)*
12:00 - 13:15	Lunch
13:15 - 13:45	The new i-CON MK2 series - more performance with Tip'n'Turn technology *Dietmar Wolpert (Ersa GmbH)*
13:45 - 14:15	FUJI THT Automation Processes: Driving Efficiency in Production *Daniel Gabor (FUJI Europe Corporation)*
14:45 - 15:15	Test-it-off: automated testing for High-Mix Low-Volume production *Radek Stourac (Unites)*
15:15 - 15:45	For the highest cycle time requirements - conventional 3D AXI testing vs. AI void analysis *Axel Wolff (Viscom SE)*
15:45 - 16:15	Traceability in production. Visual inspection/machine vision in production *Sašo Gorjup (Keyence)*
19:00	Evening Event
